## Legal Practitioner Director

David is the owner and Legal Practitioner Director of LeadPoint DMS, a Legal and FinTech practice that delivers innovative loan documentation services to Banks, Credit Unions, Mutual Banks and Non-Bank Lenders and their platform providers.

David has 30 years experience in financial services and has a keen interest in and has developed a cloud solution that automates and integrates the production of complex loan and security documentation within Lender's platforms, instantly.

LeadPoints FinTech [WebMortgages Service](#) returns loan contract and security "Doc Packs" to Lenders and their customers instantly, online, 24/7 within an instant of receipt of the lender's data from its loan origination and processing platform.

As a member of the LIXI Technical Sub-Committee, David actively contributes to the development of the LIXI Standards that enable efficient processing of mortgage transactions, including B2B transactions throughout the lending process. WebMortgages was developed in Lixi 2.0 and utilises the new Document and Settlement Schema (DAS).

David also has experience and expertise in transitioning Lenders from analogue documentation processes to a digitised process which facilitates a more efficient and cost effective way of documenting and settling loans.

LeadPoint DMS are focused on delivering its WebMortgages Service to more lenders and to integrating with their platform and service providers to make the best use of the data collected by Lenders throughout the loan origination process.
